Thank you from the bottom of our hearts!*

Financial Aid Night - Tonight we will be having our first ever Financial Aid Night in the 8th grade classroom @ 6:30pm.

Technology Update- As a school, we are revising our old technology plan and creating a new plan that fits our technology needs better. In the spring of 2017, we purchased 30 Lenovo Laptops. This spring our goal is to purchase more technology so that more students will have access to things such as Moby Max, Accelerated Reader, NWEA and state mandated tests such as ISTEP/ILEARN.

Make Up Day- If we have to close school tomorrow due to the weather; we will make up the school day on **Monday, February 19th**. We will **NOT** make up the school day on Monday, January 15th.
