

SUMMER FUN!!!!

Parents,

Okay the summer fun part is for parents not kids! Have you ever wanted to keep your child **academically engaged** without spending hundreds of dollars on tutoring or trying to figure out what type of books or program to use? Even if your child does well with their grades they need to review and practice the skills they have learned over the year. Practice makes perfect!!!!

However, you do want your child to have a summer! **Summer Solutions** has only 30 review lessons to be completed over the entire summer. Each lesson will only take most students a few minutes to complete. Parents are provided with an answer key as well. All this for only **\$12.00** a book! Your child did not need to use the **Simple Solutions** book during the school year to utilize these books. I'm really not a salesman and do not get any money if you purchase these books!

I **HIGHLY** recommend these books! You decide how many books you want. They offer **K-8** books in **Math, English/Grammar, Reading, Problem Solving,** and **Study Skills** for **grades 4 and up**. They even have books for Pre-K!

There are two easy ways to order.

1. Use the Directions on the back of this sheet to order Online.

OR

2. Send your money or check in a sealed envelope written to Mr. Kurt Homan, and I will place your order. Just make sure you let me know which books and which grade level you wish to purchase. Your child should get the grade level book they just finished. NOT the grade level they will be entering.

ORDERS MUST BE PLACED BEFORE APRIL 29, 2018 to get FREE SHIPPING!!

Any questions feel free to email me at khoman@stjoehc.org, send in a note, or call the school office to contact me.

I will also be available over the summer if anyone would like me to work with their child with concepts. If you are interested in your child meeting with me once or twice a week please email me, and we can arrange a time. Unfortunately, I cannot do this for free. I will also work out an arrangement that makes this not expensive for you and worth my time and gas.

God bless,

Mr. Kurt Homan

5th Grade Teacher
